DRAFT

Board Seeks More Physicians

Appointments of additional physicians for service with the local draft board are being sought this week, according to Dr. J. C. McGovern, chairman of the Daly City-South San Francisco board.

Dr. McGovern explained that with several hundred men to examine during the course of the year, one physician's time is insufficient. Each man's examination takes approximately one hour.

Dr. Ivan T. Budaeff, Daly City physician and surgeon, has consented to fill one of the posts, Dr. Budaeff said. The board is waiting only for formal authorization from Sacramento.

One or two additional doctors may be asked to volunteer their services Dr. McGovern reported. Working now without assistance is Dr. Edwin I. Bartlett of South San Francisco, official physician for this district.

Draft physicians, like board members, receive no pay for their time or effort.

"The impossibility of speeding up physical examinations has been our bottle-neck in placing men in the available-for-service class," Robert T. Short, local draft clerk, said today. "With the appointment of additional physicians we should be able to complete classification in much less time."

FINALE

Youthful Driver Gets Year In Jail

One year in jail and three years probation was the sentence drawn in San Francisco this week by Harry Traylor, youthful driver of a stolen car which smashed into two cars parked on the top of the hill in Daly City, last September.

All three cars burst into flames and were a mass of twisted wreckage in only a few moments. The spectacular accident resulted when the stolen car, traveling at a high rate of speed, failed to make the curve at the top of the hill. Three persons trapped in the blazing ruins miraculously escaped with their lives only because of the heroic rescue work of quick-witted bystanders and Daly City's police and fire departments.

Appearing against Traylor last week in his trial for grand theft were Daly City Police Sergeant W. W. Sunderland and Officer A. J. Dalton.

Albert Lewis, 1927 Sutter street, paid $25 for reckless driving.

Dumping cost P. Salani, San Francisco, $20. Health Officer Fred Collins told the judge that this was not Salani's first offense. Other dumping fines included

If Your Answer's "Yes" You're Being Paged

Do you like to sing in the bathtub and whistle as you walk down the street? Do you ever haul out that old violin and banjo in the evening and drive the neighbors crazy?

If so, you're just the person that Miss Clara Dayton, down at the WPA Recreation office, is looking for. She wants amateurs and she wants musically-minded amateurs. She says that such guys can have a lot of fun when they get together.

All you have to do—no, there isn't a catch and there isn't a charge—is to read the notice printed below and then contact your recreation department in double-quick time.

"Musical people are wanted—

BAND CLINIC

Sixteen Students Represent Jeff

Sixteen students represented Jefferson Union high school at the clinic for Central California high school bands, Saturday, at San Jose. Selected as Jeff's best band students, the group participated in the Class B mass band of two hundred, representing schools throughout the entire Bay area.

A signal honor was accorded the local delegation when Tom Beeson captured highest honors in the trumpet section and was given first chair position in his group.

Purpose of the clinic, staged at San Jose civic auditorium, was to prepare for the Spring music festival, to be held in April this year. According to Oscar J. Busch, music leader, both Jefferson's band and chorus will take part in the huge celebration.

At noon, the students were feted at a dance and luncheon and in the afternoon they listened to other bands play. Highlights of the day's program included trumpet solos by Frank Elsass, who was familiar to many of the young people who had heard him play

Tennis Ball Mystery

Never mind the needle, Watson, the mystery of the bouncing rubber balls has solved itself. French sleuths were aghast, not to mention agog and a-twitter, when they found 600 hollow rubber balls on a highway leading from the Belgian frontier. When each was found to contain two pellets filled with liquid chemicals they suspected nothing less than an international plot to blow something up. Mystery was laughed away when a French manufacturer explained they were just ordinary tennis balls that had rolled off a truck in a routine shipment. The frightening pellets? Heat converted them to gas, which made the balls bounce better.

Claypoole was given a copy of the Farewell address, which he published in his paper in the edition of September 19, 1796.

Tractor Romance

When Father's day rolls around next year a tractor on the farm of J. M. Templeton, near Colorado City, Texas, should not be forgotten. In fact, the tractor was almost a mother. A wren built her nest beneath the seat. Heat from the motor kept the eggs warm all day while the wren waited in a tree and took over the job at night. After the eggs were hatched the tractor was brought in at noon daily so the mother could feed her chirping offspring until the family was strong enough to fly away.

Swiss Tell Awards Scroll To D. C. Pioneer

Mrs. Christine Ettlin, Daly City pioneer, is the proud owner of the first life membership ever to be awarded by the Swiss Club Tell.

Given "in appreciation for her generous donation to this order," the beautiful parchment scroll was presented to her at the recent twentieth anniversary celebration of the Swiss-American group in Mill Valley.

Honored representatives and guests of more than eight different clubs and lodges were present. Superior Court Judge George J. Steiger from San Francisco, and a representative from the Swiss consulate each congratulated her.

The lovely presentation ceremonies were high-lighted by the appearance of Mrs. Ettlin's two grandchildren, Dorothy Langensand, well-known Daly City juvenile dancer, and her little brother. Dressed in an old-fashioned costume, Dorothy entertained with dancing, while her little brother helped present a gorgeous crimson pillow to his grandmother.

Miss Rose, popular dance instructor, was drum majorette of the Swiss Band which played for the affair. Two flags, one Swiss and one American, were dedicated during the festivities.

One of the earliest residents of this community, Mrs. Ettlin first came to Daly City, May 29, 1907. She lived here for seven years, was at one time in charge of the local post-office, and owned a grocery store in the 6500 block on Mission street, still retaining the property at 6556 and 6564 Mission. She now makes her home at 102 Pope street, San Francisco, but still keeps in touch with her many friends in Daly City.

In this beautiful setting at Mill Valley, Mrs. Christine Ettlin was honored by the Swiss Club Tell. Mrs. Ettlin lived in this community for many years. For details, see story at left.

JEFFERSON GRAMMAR, '36, CLASS REUNION

So successful was the class reunion of '36 Jefferson grammar school graduates, Wednesday night, that another event is already tentatively planned for next December, 1941.

A good time was the principal business of the evening, at the dinner at Lucca's restaurant, according to the group. Former friendships were renewed; old pictures laughed over; present plans and occupations discussed. Marriage, higher education and business seem to have vied for the largest delegations of the classmates.

Honored guest of the evening was Miss Marie H. Traynor, principal of Jefferson grammar school, to whom affectionate tribute was paid.

"This is not a military unit," Chairman Bodien emphasized today. "Our main purpose is to set up a closer coordination between city departments, the Red Cross and other public service agencies and State and National governments.

"We wish to make sure that in event of calamity rescue work will proceed rapidly and smoothly, missing persons be found and communications kept open."

Initial step in drawing up detailed recommendations for the city council will be a survey of a similar set-up now functioning in Berkeley. Appointed to a committee of three to study it were Fred A. Collins, Reardon and Bodien.

The report will be submitted at the next meeting of the group, December 18, at the city hall, open to committee members only.

Bacteria Families

Nearly 3,000 separate families of bacteria are at present kept alive in the American Museum of Natural History. These families, whose list of names begins with Absidia blakesleeana Lendner and ends with Zygosaccharomyces versicolor Sacchetti, are kept for study and identification, and are shipped vast distances for this purpose.

Versailles in Germany

On a lonely island in the Chiemsee in Germany stands one of the most amazing palaces in Europe—an almost identical reproduction of the chateau of Louis XIV at Versailles. The copy was built at tremendous expense by Ludwig II, the "mad king" of Bavaria, who cherished a great admiration for the French king and his famous country estate.

Welcome Soldiers

Darwin, isolated outpost of northern Australia where beer costs 2 shillings (50 cents) a bottle owing to high transport charges, has suffered a beer famine. Gladly the people of Darwin welcomed contingents of the Australian defense forces. Promptly these same troops drank all the beer in the town.

Beginnings of Kindergarten

Maria Montessori, the Italian educator, studied at the University of Rome and graduated in medicine in 1894, being the first woman in Italy to do so. She then took up the subject of educating defective children. From the experience thus acquired, she came to the conclusion that similar methods might be applied to normal children of a lower age, and after a series of experiments on a small scale she extended them to a large number of children in private and public nursery schools in Rome. Her ideas on education have been set forth in several books which have been widely translated.

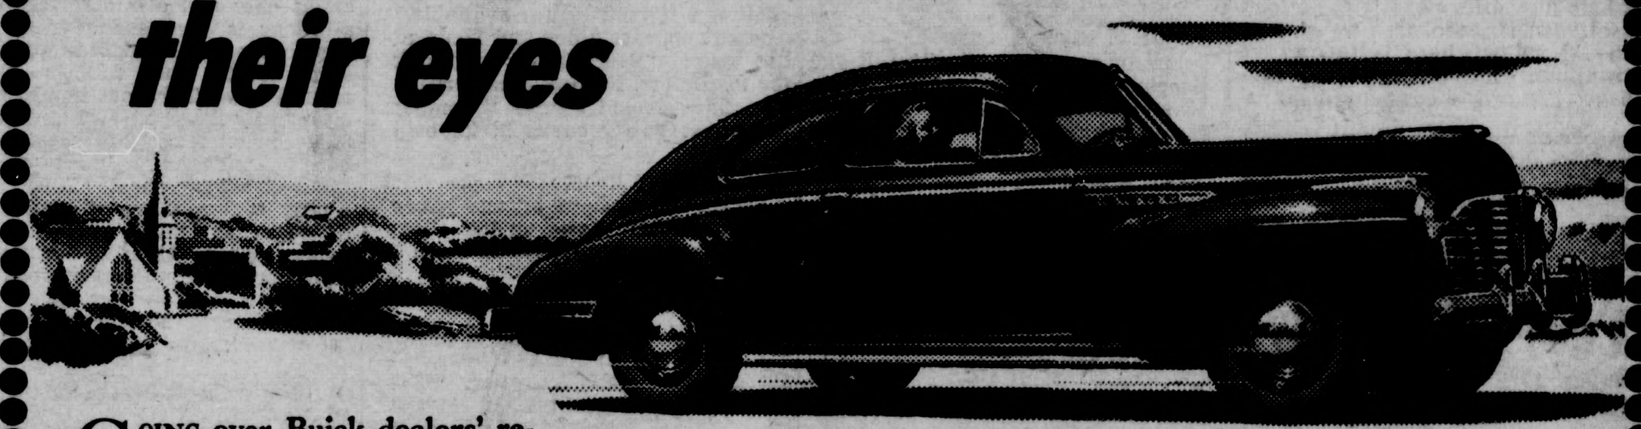
Some folks still can't believe their eyes



GOING over Buick dealers' reports on our 1941 models, we find an unusual thing happening.

Time and again cars come in for the usual inspections with an extra note of instructions—"Please check the gas gauge needle."

Even after hundreds of miles, people mistrust their eyes when they see its snail-like pace from the Full mark toward Empty—they don't see how it's possible for a car as big as Buick to go so far on so little.

But it does—and for good reasons.

The whole FIREBALL engine was designed and built to get the most good out of modern gasolines.

And the simple secret of Compound Carburetion is that it keeps your engine running on its most frugal diet for all *normal* driving—and provides full feed *only* when you need, want and call for the lift of extra wallop.

Meantime even the gears are helping save money—for the regular high gear in a Buick gives you the economy of the so-called "gas-saving" top speeds you hear boosted so enthusiastically.

The big thing is, of course, that this is no small car that's setting these economy figures. There are all the room, size, impressiveness, comfort and downright thrilling performance you expect from a Buick.

But we assure you that it isn't because the needle's out of kilter that it goes down so slowly. It's simply because it's in a FIREBALL Buick.

Sausages become a PARTY DISH when fixed this way

Dorothy Greig

"DEAR sweet patience! what a way to treat good honest sausages!" exclaimed my favorite old lady when I set this dish before her. But after the first tentative nibble, she loved it. "It's that sauce," she said. "It dresses up the whole dish and gives it flavor and zest." It does, too. But, to start at the beginning, here is the way I transform ordinary every day sausages into a fine company dish:

Sausage Rolls with Celery-Mushroom Sauce

2 cups flour
3 teaspoons baking powder
½ teaspoon salt
4 tablespoons shortening
¾ cup (approximately) milk
8 sausages (partially cooked)

Sift flour with baking powder and salt. Cut in shortening until mixture is as fine as corn meal. Add milk, mixing until a soft dough is formed. Knead lightly on floured board. Roll out about ¼ inch thick. Cut into oblong pieces and roll each sausage (partially cooked) in the dough. Place in a buttered pan and bake in a hot oven (425° F.) for 15 minutes. Serve with Celery-Mushroom Sauce. Serves 4-6.

Celery-Mushroom Sauce:

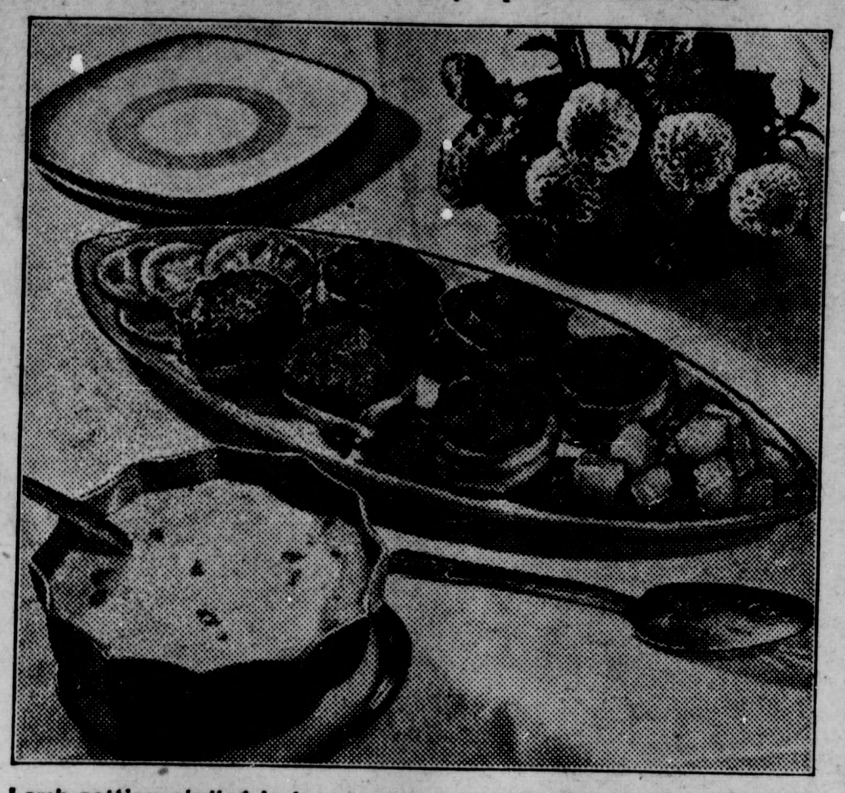
1 tablespoon butter
¾ cup celery, chopped fine
1 can condensed cream of mushroom soup
½ cup milk
¼ teaspoon grated lemon rind

Cook the celery in the butter for 10-15 minutes or until soft. Then add the cream of mushroom soup and stir well. Add the milk and grated lemon rind. Heat to blend flavor. Serve over the Sausage Rolls. Makes approximately 1¾ cups of sauce.

MEATS — *Slow Cookers and Fast Ones* ...both types have their place in meal planning

says Dorothy Greig

IT'S a good thing for most of us that there are both long cooking meats and short cooking ones. We can thereby neatly gear our meats to our day's planned activities.



Lamb patties, girdled in bacon, are garnished with sliced tomatoes and spiced pineapple cubes, and served with Creamy Mushroom Sauce.

There's comfort in the realization that, oh well, we can stay out a while longer because for dinner we are having steak which cooks practically in jig time.

On days we are at home, the coziest sound in the world is the slow sizzle of that roast in the oven. And for sheer pleasure no fragrance can equal the savory whiff of the stew as we lift the lid to drop in vegetables.

One of my pet short cookers is patties made of ground lamb instead of the more usual beef. They are accompanied by a creamy mushroom sauce which does wonders to glorify the simple dish:

Grilled Lamb Patties with Creamy Mushroom Sauce

1½ pounds lean lamb, ground
1 teaspoon salt
¼ teaspoon pepper
9 bacon slices

Season ground lamb with salt and pepper and shape into round cakes. Wrap each in bacon slices and fasten with skewer or pick. Pan-broil the patties on sides. Then pour off all except tablespoon fat. Serves 6.

—and notice how easy the sauce is to make:

Creamy Mushroom Sauce

1 can condensed cream of mushroom soup
½ cup milk

Empty the soup into the pan in which the patties were cooked and stir well, then add milk and heat. Serve sauce in gravy boat with the meat.

A garnish of sliced tomatoes and spiced pineapple cubes is another good touch with this dish.

When it comes to a slow-cooking meat, I have a favorite, too. It's a pot roast with a special trick to the gravy which adds extra flavor and turns the roast into a real triumph:

Pot Roast with Mock Turtle Gravy

4 pounds beef, rolled
¼ cup flour
2 teaspoons salt
⅛ teaspoon pepper
¼ cup suet or 3 tablespoons fat
Vegetables (1 carrot, 2 stalks celery, 1 onion and 2 sprigs parsley)

A cut of beef from round, rump, chuck or shoulder is used for pot roast.

Mix the flour with the salt and pepper. Wipe the meat with a damp cloth, then dredge with flour and seasonings. Melt the suet or fat in a heavy pan and sear ends and sides of the roast.

Place the seared roast on a low rack in the bottom of a heavy kettle. (Beef bones may be placed in bottom of kettle and roast set on those, if rack is not available.) Add cut up vegetables and 1 cup of hot water. Cover tightly and cook for two hours, turning occasionally. The juices come out of the meat and roast finally cooks in its own juices.

Gravy for Pot Roast:

Strain and measure fat and juices from pot roast. Skim off fat.

4 tablespoons fat (skimmed from roast liquor)
4 tablespoons flour
2 cups liquid (meat juice from roast)
1 can condensed mock turtle soup

Cook the flour in the fat until frothy and slightly browned. Then add 2 cups of liquid which is the meat juices with water added if necessary and cook until thickened. Add the mock turtle soup and cook 3-4 minutes. Put the roast back in the gravy and continue cooking for one hour. During this final cooking it is well again to put the roast back on the rack or bones so that it does not stick to bottom of roaster. Keep tightly covered.

Adding soup to gravy 1 hour before cooking is done, means that gravy is all ready when meat is . . . thus saving time at the serving end.

Candy for Company

By Frances Lee Barton

ONE last dab at hair and lipstick, there's a knock upon the door. There's a whistle in the entry that you've often heard before. There's a big blonde giant coming. Calm your heartbeats. Do not budge. You're all fixed for "evening company" with your Chocolate Coffee Fudge.

Chocolate Coffee Fudge

2 squares unsweetened chocolate; ½ cup strong coffee; ¼ cup heavy cream; 1 cup brown sugar, firmly packed; 1 cup granulated sugar; dash of salt; 2 tablespoons butter; 1 teaspoon vanilla.

Add chocolate to coffee and cream and place over low flame. Cook until mixture is smooth and blended, stirring constantly. Add sugar and salt, and stir until sugar is dissolved and mixture boils. Continue boiling, without stirring, until a small amount of mixture forms a very soft ball in cold water (232° F.). Remove from fire. Add butter and vanilla. Cool to lukewarm (110° F.); then beat until mixture begins to thicken or loses its gloss. Turn at once into greased pan, 8 x 4 inches. When cold, cut in squares. Makes 18 large pieces.

A Triangular Course

By Frances Lee Barton

IT'S difficult to swim or run around a triangular course, but mighty easy to enjoy one at home when Crusty Fruit Triangles are served. They look good, taste good and are good for you — a point for each angle of the scone.

Crusty Fruit Triangles

2 cups sifted cake flour; 2 teaspoons double-acting baking powder; ¾ teaspoon salt; 2 tablespoons sugar; ⅓ cup butter or other shortening; 1½ teaspoons grated orange rind; ½ cup seedless raisins; ⅔ cup milk.

Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Cut in shortening; add orange rind and raisins. Add milk all at once and stir carefully until all flour is dampened. Then stir vigorously until mixture forms a soft dough and follows spoon around bowl. Turn out immediately on slightly floured board and knead 30 seconds. Roll ½ inch thick and cut in triangles. Place on ungreased baking sheet. Brush tops lightly with mixture of equal parts of sugar and milk. Bake in hot oven (450° F.) 12 to 15 minutes, or until browned. Makes about 15 scones.

Where the American wage earner's dollar goes*...

*The cost of living data above was taken from the U. S. Bureau of Labor Statistics survey of wage earner and low-salaried family disbursements covering the period 1935-1939 in the thirty-three major cities.

THE SMALLEST ITEMS in the family budget are

GAS and ELECTRICITY

It is easy to take Gas and Electricity for granted in the home. Through every hour of the day as dependable as the rising sun gas and electric servants in the home are at work. Time, refrigeration, vacuum sweeping, cooking, automatic hot water, radio by the hour, light, heat, washing and ironing are some of the items of their services. Yes, their services are used easily and abundantly because they are so convenient and cheap. Look at this list, showing how the wage earner's dollar is disbursed every month. The smallest cost items, right at the bottom, are gas and electricity. That bottom position has been maintained for many years here in California. Your gas and electric rates, for example, have been cut lower and lower year after year. Since 1928, six cuts in the cost of electricity, and five cuts in the cost of gas. Are there any other items in your family budget that have been so constantly made cheaper during this period?

Funeral Services For Suicide Victim

Funeral services for Kenneth W. Franks, 34-year-old WPA laborer, 139 Knowles avenue, who committed suicide in his automobile on Skyline boulevard Thursday, were conducted Monday afternoon from the W. C. Lasswell chapel. Interment was at Woodlawn Memorial park.

Franks is survived by his widow, Mrs. Margaret Franks, San Francisco. The body was found Friday morning half a mile south of the Hillside drive intersection, Burlingame hills. Garden hose had been attached to the exhaust pipe and extended into the car between the floor boards.

Aviation Employment Up

As the result of sharp increases in both foreign and domestic airplane orders, California's aviation industry is employing 60 per cent more men than a year ago.

News of the Jefferson School District

At Jefferson Elementary School

Kindergarten

Jefferson kindergarten boys and girls are having a happy time working together to make their room attractive for Christmas.

Alfred Schenone, Ario Gregori and Jack McAfee built a fireplace on one side of the room, and Bobby Golobic made a very realistic looking fire by using blocks, colored construction paper and newspaper. Stockings, made by the children, will hang in front of the fireplace.

First Grade

Art work, oral language, and the spirit of Christmas are all combined to make several interesting periods for the first graders.

For room decorations the children have colored attractive pictures of Santa Claus, toys, and happy children, and mounted them on red and green backgrounds.

Second and Low Third

Second and low third grade pupils of Jefferson school are very proud of the thrift pennant which hangs in a prominent place in their class room. The pennant has been in the room for over a month and the children hope to keep it much longer.

Of the 39 pupils in the class, 25 have school savings accounts.

Fourth Grade

Recently the fourth grade welcomed two new pupils into their class, Alfred Ownes from Cleveland Heights, Ohio, and Lyle Pense from Fence Lake, New Mexico. Both boys have very interesting stories to tell of their travels and of their experiences in other parts of the United States.

Fifth Grade

One of the most useful and entertaining periods enjoyed by the pupils of the fifth grade is their language period, when they discuss the problems children have to meet in living and working together.

Last week, introductions were made and discussed. The pupils enjoyed taking the roles of grandmother, grandfather, mother, father, teacher, and pupil. The right and gracious things to say and do in various social situations were practiced. Telephone conversations were also discussed.

Sixth Grade

Children of the sixth grade are making booklets on their social science unit "Pioneer Life." Among the pages of each child's book may be found drawings, pictures, graphs, and outlines of historical characters, denoting the heroes and events of the Pioneer age.

Seventh Grade

Christmas spirit is running high at Jefferson school. From the kindergarten through the eighth grade may be seen interesting Christmas decorations made by the students. Talented members of the seventh grade, under direction of the art supervisor, are coloring large murals depicting the Nativity.

Glee Club

Glee Club members are doing their share toward the festive spirit, under direction of the music supervisor. They have been doing such excellent work in singing Christmas carols that they will give a program at the December meeting of the Colma P. T. A.

Eighth Grade

A recent class discussion for the purpose of focusing attention on neatness of work, ended in three questions being submitted for individual thought.

(1) If my promotion depended solely upon the neatness of my work, would I be promoted? (2) If not, what am I going to do about it? (3) When?

Following class discussion and written self-analyzation, an effort was made to produce the best looking papers that each pupil had ever prepared. Results were beyond belief. All papers were put upon the bulletin board so that the class might see for themselves what they had accomplished.

Great Smoky Mountains

Dr. H. M. Jennison, University of Tennessee botanist, says the Great Smoky Mountains National park has nearly twice as many different kinds of trees as are found in all Europe.

Display Class Papers At Woodrow Wilson

The sale of "The Herald," Woodrow Wilson elementary individual class paper, exceeded the expectation of circulation managers as well as teachers. Three hundred and four copies were sold.

The display of "The Heralds" is on the bulletin board in the hall of the Woodrow elementary school. Students and teachers are very enthusiastic over the success of this new venture in publishing individual class papers.

Add New Books To Jefferson Library

This week the library of the Jefferson elementary school had an unexpected addition of about thirty books. Lovers of dog stories will welcome some new stories by Jack O'Brien, J. Allan Dunn and Jack London.

The Great Horse, by V. M. Moffett, is a story of prehistoric times, and will be greeted eagerly by appreciative readers.

Two new "Story Parade Books," a Yellow Book and a Green Book, and "Golden Tales from Farawey" will gladden the weekend reading of many of the students.

Several more Zane Gray books and adventure stories were included in this latest addition to the library.

Helen Capps Ill At Modesto Hospital

Helen Capps, popular member of Jefferson's eighth grade, traveled to Rippon, California, for the Thanksgiving holidays. While Helen was there, she suffered an appendicitis attack and was rushed to the hospital at Modesto.

Helen is still stranded many miles away from her classmates and they all wish her a speedy recovery, so that she again may be among them.

'Youthful' House Paint

Home owners faced with the problem of making old houses look younger may try coloring them with "youthful" paints. This can be done with almost any type of construction. Side walls of wood, brick, or stucco may be painted with paints specially prepared for each surface. Roofs may be covered with one of several different types of factory-colored shingles, and color accents may be provided in window blinds and front doors. A popular new exterior color combination consists of light salmon-colored walls, emerald-green roof, and a flame-colored front door.

One week ago Sunday, 105 Knights of Columbus partook of the Holy Eucharist at Our Lady of Perpetual Help church. Representatives were present from San Francisco and from all the eighth district councils, including those of Daly City, Palo Alto, San Jose and San Mateo.

Following the early morning mass, breakfast was served to 85 guests at Estrada's Spanish Kitchen in Colma, with brief talks later.

DALY CITY DIGGINS'

"It's All In Fun"

By BOB KEELY

As we fight our way through the fog to our typewriter, the thought comes to us of A. W. Robertson carrying an egg crate over the slippery sidewalk the other morning. It seems Mr. Robertson wore his crepe-sole shoes that morning, and had a good lesson in the art of balancing. No casualties.

And then we ran into John Leepin, proboscis swathed in a band-aid. John says he ran into a pipe. Pipe that, eh?

Augy Conci hard at work on Christmas decorations along Junipero Serra boulevard. And while we're on the boulevard we should tell you that Paul Wolter has a tropical orchid cheerfully blooming in front of his Garden Village home. Another "beat the Joneses" Christmas decoration contest will get underway soon there, too.

OVERHEARD: Edith Gelsi and Peter Pavlos discussing home-breakers . . . Pres. Fred Hanel of the Eagles putting the old fight into the Aerie bowlers . . . Pete Markovich, first cousin of Stanford's Pete Kmetovic, telling the boys how good St. Mary's gridders will be next year . . . with Daly City's Tony Compagno, they can't go wrong.

Al Lang, jr., pianist on the S. S. Mariposa, in town for a few days . . . sailed yesterday on another eventful trip to the Orient.

We were overwhelmed last week by a complete absence of any fan mail. Come on, write us a letter!

They say that it's Johnny Dell's 5 a. m. daily swims in the ocean, that keep him in such good shape, not the bowling.

Admit Four Local Residents To Citizenship

Daly City and Colma gained four new American citizens last week, when eighty foreign-born residents of San Mateo county were admitted to citizenship following a series of naturalization classes, November 26 to December 4 in Redwood City.

The new citizens were welcomed to the American way of life by Redwood City civic leaders, and each was presented with a small American flag.

Included in the classes from Daly City were Constantina M. B. Galliano, Italy; Caterina Vernazza, Italy, and Paraskevas H. Sakellaropoulos, Greece.

From Colma was William Busch, Germany.

BEWARE

The Ides Of March Were Nothing - - Compared To December

In a startling analysis of winter traffic hazards, Police Chief James G. Reardon revealed today that December is the most dangerous month of the year for motorists and pedestrians.

"Every night this month, between the hours of 6 and 8 p. m." the chief said, "many persons will be killed or injured as they hurry home to their families.

"The black and white records, repeated year after year, show that December has the highest traffic death rate of any month during the year.

"During December five out of every seven traffic accidents occur during dusk and darkness. Forty-four per cent of the victims are pedestrians.

"The factors that inflate this month's death rate far beyond June (when traffic is much heavier) are:

1. The earlier hours of darkness.

2. The holiday rush."

Chief Reardon concluded his statement with the following earnest warning:

"Before you dash into the street with your arms full of gift boxes—before you pull out from the curb as you mentally check over your Christmas shopping lists—

"Please look and listen! Please drive carefully this December! Let everyone enjoy the holidays without a tragedy to mar this 1940 Christmas season!"

OBITUARY

Dr. Henderson Dies At Cambridge, Mass.

Friends in this community mourned the death in Cambridge, Massachusetts, last week of Dr. Hildegarde Henderson, who was the first doctor of the Daly City Well Baby clinic. She held that position for six years, working tirelessly for the health of the babies under her care, giving generously of her time and effort.

A prominent San Francisco pediatrician and consultant for many years at Children's hospital, Dr. Henderson left San Francisco several months ago for her family home in New England to recuperate from a serious illness.

Best known as a private physician, Doctor Henderson is also remembered for her service with the State health department and her work in baby clinics throughout Northern California.

Woolwine died Monday evening in a local hospital, following an illness of several weeks. He is survived by his widow, Mrs. Irene Woolwine.

A native of Marion, Kansas, he was a member of Zane Irwin Post No. 93, American Legion.

THEATRE

'Boom Town' Opens Here Tomorrow

Revealing the entire story of the thrilling drama of oil for the first time, with a story that is entirely one of action and with a star group that includes Clark Gable, Spencer Tracy, Claudette Colbert and Hedy Lamarr, "Boom Town" will open at the Daly City theatre tomorrow for an engagement of three days.

"Boom Town" is a cavalcade of oildom as "Test Pilot" covered the dramatic story of testing thrills in the skies. It is a dramatic story of two friends who carry on through reversals and successes even when one marries the sweetheart of the other. The friendship breaks dramatically and is renewed just as dramatically when the unmarried friend breaks up an affair between his former sweetheart's husband and an adventuress.

Through this story run scenes of roaring gushers, flaming oil fires whiffed out with TNT, blistering fist fights, a thrilling hold-up, a scrap between two dance hall girls and thousands of other fast-action sequences.

A DRAMATIC TRIANGLE . . . With Clark Gable and Spencer Tracy both in love with Claudette Colbert, the dramatic triangle is all set in "Boom Town," spectacular oil drama coming to the Daly City screen tomorrow. But there is another woman in the case, in the person of Hedy Lamarr, who rounds out one of the most sensational casts in the history of motion pictures.

Mothers Club Bazaar, Dec. 15

Members of the Mothers club of Our Lady of Perpetual Help school will meet at 7:30 p. m. Friday, instead of the usual 8 p. m., it was announced today.

The time was changed because of the District Court of Honor which will be staged in the Jefferson auditorium at 8 p. m. the same evening.

All members are urged to attend the early meeting, as final plans will be made for the club's annual bazaar on Sunday, December 15, at Our Lady of Perpetual Help school.

The bazaar will start at 8 a. m. and continue throughout the day. There will be hand-made articles, home-made cakes, religious, home-made candy booths, besides many other attractions.

All articles will be sold at nominal prices, officials emphasized. Everyone is invited to come early and purchase Christmas gifts in support of this cause.

For a small charge, luncheon will be served from 12 noon throughout the afternoon. Mrs. Sophie Klingler, president of the Mothers club, cordially invites the general public to attend.

The social meeting held last Friday afternoon was well attended, with chairmen of the various bazaar booths submitting their reports.

D. C. Veteran Firemen Atend Meet Downtown

Several Daly City Veteran Firemen were guests in the Empire hotel last Wednesday evening at the meeting of the San Francisco Veteran Firemen's association.

Enjoying the many interesting talks were Edward J. Ford, Andrew P. Chesney, A. J. Gaggero, A. N. Lang, Gus Schenk, A. L. Hilton, Paul G. Selmi, H. W. A. Rickmann, Julius Twesten and Peter Valenti.

Vet Firemen Elect Officials

Election of new officers was the main order of business at the Veteran Firemen's meeting Friday night at 188 Santa Barbara avenue.

A. N. Lang will lead the organization as president for the coming year, succeeding A. J. Gaggero; J. Fields was elected first vice-president; J. Kester, second vice-president; E. J. Romer, marshal; Edward J. Ford, secretary; A. L. Hilton, treasurer; H. W. A. Rickmann, chaplain, and Past President P. Valenti as chairman of the board of directors.

Other matters engaging the attention of the firemen were the usual donations to the Red Cross and to the WPA annual children's Christmas party, and a lengthy discussion of delinquents. There were no reports on the sick list; the matter of dishes was also taken up.

Comrade Fred Peterson was lucky man of the evening, while Marshal E. J. Romer won the turkey.

Chef John Hesslein served a splendid buffet supper. Members wished each other a Merry Christmas and urged one another to start the New Year right by attending meetings more often.

Disney Correct

Walt Disney hereafter will be correct in depicting white lyrebirds. One just discovered in the Combienbar district of East Gippsland, Australia, is declared by experts to be the first perfect albino lyrebird ever seen.

DE SOTO NEWS

Donahue Reports Sales Up Here

De Soto executives expect 1941 sales to top any previous year since the first De Soto was built, according to James E. Donahue, De Soto-Plymouth dealer.

"Fluid Drive with simplimatic transmission, the widely-hailed invention that is taking the spotlight in De Soto this year, is writing sales history for our organization," declares Donahue, "and it is receiving due praise as heading any other invention of recent years in promoting more ease and safety in driving. With this revolutionary invention the motorist can start out in high gear, stop, and start again still in high, totally eliminating gear shifts and clutch pedal operations, leaving his hands free for steering.

"Although this is the most talked-about of all improvements in the new 1941 De Soto, many others approach it in importance. One of these is De Soto's new development, safety rim," Donahue added, "which prevents a punctured tire from being thrown off even while driving at high rates of speed.

"During my many years in the automobile business I have never experienced such instant approval of a car as is being accorded this year's De Soto. Its unparalled success is proving it to be the biggest money's worth ever turned out by the factory."

Auxiliary Completes Turkey Whist Plans

Final plans for tonight's turkey whist at Legion hall were completed at the regular meeting of Daly City Unit No. 410, American Legion auxiliary, last Wednesday evening.

The whist party will feature many special awards and all local card fans are cordially invited to try their hand at winning a turkey tonight. Mrs. Ann Welch, chairman, announces that playing will begin at 8:30 p. m.

Exchange of Christmas gifts and serving of refreshments marked the auxiliary's annual Christmas party, last Wednesday. Present also were the Junior group, who presented their retiring president, Norma Barker, with a gift.

Santa Claus will appear in person at a Christmas party for children of the Legion post and auxiliary membership to be held one week from Friday at Legion hall. There will be gifts for the kiddies and other special attractions.

MUSIC

Second Article By Miss Marie Dayton

"We all need to be constantly alert and responsive to changing conditions," Miss Marie Dayton, local WPA recreation department music director, continues today in the second of two music articles written exclusively for The Daly City Record.

"Our minds must be at ease to prepare us for the struggles which are bound to occur. Music has gifts to bring about that peace and relaxation of spirit which are so helpful to us in daily living. As for fellowship, I challenge anyone to think unpleasantly of his neighbor while in the midst of a rousing song!"

Miss Dayton's works amply prove her point. More than 60 persons gathered in the Jefferson Union high school auditorium last Tuesday night to have the time of their lives in the first of a series of "community sings."

"Daly City has the scenic beauty, the quality of people, and the natural talent at her disposal to create a fascinating new community spirit," Miss Dayton continues.

"We shall look forward to making music together, to showing our sister communities near and afar that we are progressive-minded, and able to set a new pace for all people to follow; that we are concerned with the happiness and well-being of our community as a whole, and more than ever united in our efforts to accomplish that objective.

"Music helps us to become acquainted with each other by means of a language common to everyone; no previous training whatsoever is necessary to understand, to love, or enjoy it. The willingness to participate, however, is a step upward; indeed, it is all that is necessary to bring about those qualities of inspiration, relaxation, and good fellowship to which every member of the Daly City community is justly entitled. Let us then join our musical hands and look forward with confidence to a very real and profitable new adventure!"

Student Government

One of the shortest meetings of the executive board was called to order by vice-president, John Razzari, yesterday morning. The flu claimed most of the members of the executive committee, including President Bill Rigler.

The only point of business brought before the board before it adjourned at 8:05, was the South City-Jefferson victory plaque. Howard Vierra, chairman of the committee, reported that it will be delivered to the school sometime this week. All other business was carried over to the next meeting.

Committee Plans Christmas Parties

Every Daly City Girl Scout is invited to a Christmas party at 7:30 p. m. Tuesday at Legion hall, 474 San Diego avenue.

And every Daly City Brownie is invited to a party at 3 p. m. Thursday, December 19, at Legion hall!

These interesting announcements were made today by the Daly City Girl Scout committee, sponsors of the two city-wide holiday parties.

The committee met in regular session Friday evening at the WPA Recreation offices ,101 Parkview avenue to make final plans for the affairs.

A report of the recent cookie sale showed that it was an overwhelming financial success.

A Senior Girl Scout's group is being organized in Daly City by Mrs. Lyal Ingersoll. All girls between the ages of 14 and 18 years who wish to join should get in touch with Mrs. Ingersoll at her home, 439 Crocker avenue, RAndolph 5350. Nearly a dozen girls have already signed up and plans are afoot for a party sometime before Christmas.

Troop No. 2 will hold a Court of Awards at 7:30 p. m. Friday at Legion hall. All parents, Scout leaders and committee members are urged to attend.

Next meeting of tne Scout committee will be Friday evening, January 10, at the Recreation offices.

Present at last week's gathering were Mrs. Emma Sorg, Mrs. Lucille Lemon, Mrs. Beament, Mrs. John Becker, Mrs. George Windhurst, Mrs. Lyal Ingersoll, Mrs. Mary Crane, Mrs. Paul Selmi, Mrs. Emily Monsanto and Mrs. Evelyn Mosman.

Santa Claus is coming to town! Your campus fashions reporter turns her attention to Christmas gift suggestions in her columns this week and next.

Today, gifts for mother and dad take the limelight.

The air is getting crisp . . . just take a big sniff of that air. Can't you just about smell Evergreens and Christmas trees? Yes, sir! Old Santa is packing up his bag and harnessing his reindeer to start out on his trip to all good boys and girls all over the country.

Don't let your Christmas spirits be dampened because you have'nt the slightest idea what to give John, Mary, Mother or Dad. Listed below are just a few of the "scrumptious" gifts and presents that can be found in the stores, this Christmas.

First on your list are Mom and Dad. Oh, dear! what do they need? Mom would like a set of dishes, but yet that doesn't seem right to give dishes. You want to give her something she has wanted for a long time, but wouldn't buy herself because she thought it might seem wasteful.

Say, have you seen those ultra modern makeup kits? They include soap, powder, cream, lipstick, rouge and perfume. The darlings aren't very expensive, either. Another gift that is always welcome is a fancy housecoat, one that mother can put on to receive company. There are some lovely models for matrons. They come in all colors and styles.

"Button-Button" doeskin gloves are the last word in fashion. Each glove has a little button near the cuff with a place to put her initial. These models are washable doeskin, exciting, new and quite personal. To go along with these new glove styles are the newest winter bags. Some that look as big as suitcases and some as small as doll bags. Here are just a few of the new bags: Saddle leather, which by the way comes in five colors, Lucite trims and Tortoise framed bags. All of them are simply stunning.

Now that we have covered mother's situation pretty well, what to get dear old Dad?

"Don't bother about me," says Dad. I know . . . that seems to be the way with all fathers, they just don't want you to put yourself out for them.

I have a thought that will tickle him pink. Does he smoke? He does. Well, then one gift that is always welcome is a good English pipe, with his favorite tobacco. If he doesn't smoke, the department stores are featuring luxurious Rabhor lounge robes. Expertly tailored in brushed rayon velour swede that has that comfortable appearance, one of them is just the thing to put on when he is tired and wants to be comfortable and look dressed up at the same time.

If your Dad is like most Dads he loves to play games. Maybe his favorite game is poker. They are putting out some of the best looking poker sets I've seen in a long time. They come with 200 interlocking poker chips, two decks of playing cards and they are fitted into a unique walnut cabinet.

A nice personal gift is monogrammed cards. You can find them packed in a snap-hinged jewel box of simulated leather, with raised monograms on top.

Most Dads seem to like the old standby, "Neckties." Something that will go well with his new Christmas suit. Whatever you do, though, if you buy a tie, get a good one. Be sure it is lined.

Dear me, here we are almost at the end of the column, and we haven't even taken care of sister Mary or brother John and Oh! yes, we mustn't overlook the boyfriend. Well, don't get discouraged. Watch next week's column and see all the bright suggestions that Miss Fashion has to offer.

Archie Meyer Hurt In Junipero Accident

Struck by an automobile on Junipero Serra boulevard near the Balboa Buildings Materials plant, Archie L. Meyer was examined at the Junipero Serra hospital last week and later transferred to Fort Miley. His leg was broken, hospital attaches said.

Dr. Allan E. Sachs, 101 Point Lobos avenue, S. F., driver of the car, was not held by Daly City police, who reported that Meyer was intoxicated at the time of the accident.

U. S. Mutton Consumption

Nearly two-thirds of all the lamb eaten in the United States is consumed north of Washington and east of Pittsburgh, an area which grows less than 5 per cent of the country's sheep.

PTA NEWS

High School PTA Board Meets

Although Jefferson Union high school PTA will have no regular meeting in December, members of the executive board met last Wednesday afternoon at the home of Mrs. Edith Ferguson, 86 Moltke street. Mrs. Marie Gehrig and Mrs. Anne Eason were co-hostesses.

Present were Mrs. Martha Linden, Mrs. Mildred Seiler, Mrs. Allene Lehigh, Mrs. Lillian Smith, Mrs. Mary Crane, Mrs. Lillian Cavagnaro, Mrs. Grace Hill, Mrs. Hazel Cassasa, Mrs. Georgia Gusch, Mrs. Lillian Thomey, Mrs. Pearl Jones, Mrs. Olga Bordson, Mrs. Frances Windhurst, Mrs. Tina Hollingsworth, Mrs. Maude Hanselman, Mrs. Susie Sanders and James Ferguson.

Following a delicious dessert luncheon, Mrs. Seiler called the business meeting to order. Closing the pleasant afternoon was the exchange of small Christmas presents among the guests.

Next executive board meeting will be held Wednesday afternoon, January 8, at the home of Mrs. Maude Hanselman, 47 Woodrow street. Mrs. Grace Hill will be co-hostess.

The regular meeting of the unit in January will be dispensed with, because of the North End conference which will be held at the local high school, January 13.

Pershing PTA Invites Everyone To Bazaar, Friday

Everyone in town is cordially invited to attend the General Pershing PTA bazaar, food and rummage sale, Mrs. Virginia Davidson, president, emphasized today.

The bazaar will open at 10 a. m., Friday, next to Central Creamery. Tempting homemade foods will compete with fine hand-embroidered gift items for the public's attention. Another part of the hall will be devoted to an extensive rummage sale, with bargains galore.

"This is your chance to pick up some lovely Christmas gifts very inexpensively," Mrs. Davidson said today. "General Pershing's annual bazaar is the one large money-making venture which we sponsor during the year, and we are doing everything in our power to assure its success."

Mrs. Caroline Conroy will supervise the sewing club's offerings, while Mrs. Ann Eason will be in charge of the food sale. The bazaar is expected to last until 6 p. m.

Here's Another Rhyme, In Thanks This Time

Following last week's cleverly-rhymed invitation to the Crocker PTA bazaar, appropriate verses today thanked all who attended. Both of the little poems were written by Mrs. Orvilla D. Pauw, publicity chairman of the unit.

THANK YOU

Crocker PTA thanks you one and all
For visiting us in Theatre hall.
You came to call from near and far
To purchase gifts at our bazaar.
Most all the lovely things are gone
And we have money to carry on
The good we do the whole year through,
This we've accomplished with help from YOU.
Thank You.

Say, Mama, Don't Forget Our Date

Next Wednesday is the time for my check-up. The Daly City Well Baby clinic will be open from 9 to 11 a. m.

No charge is made. Scientific advice and aid in infant care are available to each mother. A child specialist and a nurse are in charge.

Only well babies are admitted to the center, located at the corner of San Jose avenue and Flournoy street. Visiting hours are the first and third Wednesday mornings of each month.

And, by the way, mama, I hope you've been listening. THIS IS IMPORTANT.

Seventeenth District To Meet January 17

Seventeenth district CCPT will hold its next regular meeting, January 17, with Mrs. Stella Jensen, director of public welfare, in charge of the morning session and Mrs. P. D. Bevil of Sacramento, State citizenship chairman, as speaker.

The annual Press luncheon will be held at 12:30 p. m. the same day at the Burlingame Methodist church. Club editors of the county and unit publicity chairmen will be special guests.

The Northern conference will be staged, January 13, in Daly City, at Jefferson Union high school, with local units as hostesses. Detailed plans will be announced later.

Colma P. T. A. Members Hold Christmas Party

Characterized as "one of the busiest and gayest meetings of the year," Colma PTA members gathered last Tuesday afternoon in the Jefferson annex for a business session and Christmas party.

The room was beautifully decorated with pine branches, red and green streamers overhead, and a small Christmas tree in one corner.

Mrs. J. Burgard, president, called the meeting to order at 2 p. m., and various committees were appointed for coming events.

At noon next Wednesday the unit will hold a "hot-dog" sale at Jefferson grammar school, the Jefferson annex, and R. S. Thornton school.

Elected to membership on a committee to decide upon the life membership which the unit will present in February were Mrs. H. Remington, Mrs. D. Rossie and Mrs. H. Colwell.

December 17, Colma PTA will hold its usual whist party, with Mrs. A. Zannetti, Mrs. L. Stanghini and Mrs. J. Burgard in charge.

At the January meeting, the unit will hold a pot-luck supper, with Mrs. P. Willbank as chairman.

Following the business meeting, the unit enjoyed a Christmas grab-bag and entertainment by the Jefferson glee club under the direction of Miss Muriel Mosconi.

The meeting adjourned with refreshments served by Mrs. Willbanks and Mrs. N. McCandlish.

Ambulance Crew Give First Aid To Youth

Francis Bushnell and Stan Crane, attendants with the Junipero Serra hospital ambulance, had a job on their hands, Thursday, when they received an emergency call from near Pedro Point.

Kneeling by the side of the road, they applied a first-aid splint to the leg of V. M. Brugger, San Francisco youth who had suffered a severe fall over a 400-foot cliff near by.

Second victim of a "jinx" truck which was run over the cliff last week, Brugger fell part way down the cliff while climbing down to inspect the wreckage. He was able to return unaided to the top.

Rushed to the Junipero Serra hospital, he was treated for severe cuts and bruises.

On Monday the owner of the "jinx" truck, Pete Tarantino, San Francisco, suffered several broken ribs in a similar fall.
